A First For The Times-Virginian

J. Franklin Vaughan, left, and W. Lloyd Vaughan, right, Co Publishers and Co-Editors of the **TIMES VIRGINIAN**, are shown above holding copies of the first hard-back book to be printed by the Times-Virginian.

The research textbook printed for "Society For The Advancement of Materials and Process Engineering [**SAMPE**]" - "Materials and Processes For The 70's - Cost Effectiveness And Reliability" is published twice a year and has previously been printed in Los Angeles, Calif.

This issue "National **SAMPE** Technical Conference Series 1973", the first hard-back to be printed by the Times-Virginian, is an 800-page research handbook and 375 copies were sent to California and New York. The order for this particular job came to us indirectly through an engineer for Babcock and Wilcox Company as the result of work we have done for them in the past two years.

A phone call from New York this week indicated that more interest has been shown in this book than expected, some have even been sold to Russians, and most likely we will go back to press and print an additional 250 books.

When we say at the Times-Virginian that "we print almost everything but postage stamps and money" we really mean it.

"I'd Like To Help"

The Appomattox County Rescue Squad has helped me and "I'd Like To Help" them, so said David Bryant, shown above. And so he did. David volunteered to help Mr. and Mrs. Richard Bartelt make posters boosting the annual fund drive now under way.

David is the 14 year-old son of Mr. and Mrs. Bobby Bryant of Appomattox.

A special thanks to David from members of the Rescue Squad for his assistance.

FBLA Holds First Meeting

The Appomattox Chapter Future Business Leaders of America held their first monthly meeting for the 73-74 session on September 26 in the Appomattox County High School auditorium. Miriam Ferris, chapter president, called the meeting to order.

Julie Moore, chaplian, delivered the devotions. Following the devotions Debbie Stratton read the minutes of the Executive Planning meeting which was held Aug. 29, 1973. Penny Martin, treasurer, gave the financial report. She also gave a report on the selling of Cherrydale candy which is now being sold. Committees and their chairmen were appointed. FBLA members signed up to serve on committees of their choice.

Debbie Tweedy gave a report on Massanetta Springs Leadership Conference held this past summer. The meeting was then adjourned.

APS — PTA Pays Tribute To Teachers

Governor Holton designated the first week in October as "Teacher Appreciation Week". The Primary School PTA planned a tea and scheduled parent volunteers for each classroom to honor those teachers in the Primary School and the Annex at Oakville on October 2, 1973 in the school cafeteria.

Mrs. Sandra Miller is reading a story (pictured above) to Mrs. Lou Rogers' second year students while Mrs. Rogers gets a moment to enjoy "home-made" ham biscuits and cinnamon buns. The Primary staff is most appreciative for this unselfish devotion and support to the education of "our" children.

Social Security Announces New Program

The Lynchburg Social Security Office is now accepting applications for benefits under the new Federal program called Supplemental Security Income for the Aged, Blind and Disabled.

Under this new program, the needy aged, blind and disabled will be assured a minimum monthly income. Eligibility will be used on the amount of income and assets an individual has. Payments will not begin until January.

The Federal Program will replace present Federal-State programs of assistance to the needy aged, blind and disabled. People currently drawing welfare payments will be automatically transferred to the Federal rolls in January. However, many people who could not qualify for payments under present law may now qualify under the new law. This is so because the Federal resource and income levels are higher than present law and the Federal law does not have a relative responsibility requirement.
